

DMC1535 WIRING SYSTEM SERVICE KIT

For the LAV-25 & LAV-AT Light Armored Vehicle

DMC1535
for the LAV-25 and LAV-AT

THE MAINTENANCE PROBLEM...

Modern Light Armored Vehicles, such as the LAV-25 and LAV-AT, have complicated electrical wiring systems containing many different connectors, contacts and terminals, the repair of which require precision tools.

THE DMC SOLUTION...

IMMEDIATE AVAILABILITY OF TOOLS AND TECHNICAL INFORMATION.

DMC Wiring System Service Kits provide, in a single, well organized location, the tools necessary to strip, crimp, install and remove the typical contacts and terminals of this wiring system. The DMC1535 kit contains the tooling to connector, contact and terminal cross reference information which indicate the particular tool(s) that should be selected to repair a specific connector, contact, or terminal. In addition, the kit also contains illustrated operating instructions for the required tooling.

ALL IN ONE. Since these tools, together with their operating instructions, are contained in a single kit, the connector repair can be made in the shortest time possible, thus permitting a rapid return of your Light Armored Vehicle to service. This tool kit is supplied in 3 environmentally sealed fiberglass cases and includes: Name Plate, Foam Pads/Inserts, Contents Charts, Instruction Charts, and Tool Selection Charts.

NOTICE: Whenever possible, DMC designs its commercial kits around MIL-Spec and/or readily available commercial tools compatible with the components of the wiring system. These tools may not necessarily be the tools listed in a manufacturer's manual.

Actual Kit may vary from example shown.

DMC1535 WIRING SYSTEM SERVICE KIT

For the LAV-25 & LAV-AT Light Armored Vehicle

DMC1535 TOOL AND ACCESSORY LIST

	7	Crimp Tools
	3	Turret Heads
	5	Positioners
	1	Single Position Heads
	4	Die Sets
	11	Metal Insertion Tools
	12	Metal Removal Tools
	50	Plastic Ins/Rem Tools
	4	Contact gages
	2	Unwired Contact Removal Tools w/ Probes
	1	Wire Cutter
	2	Wire Strippers
	4	In-Service Inspection Gage
	1	Die Removal Tool
	1	Hex Wrench
	1	Wire Harness Spoon
	2	T-Handle Wrench
	11	Adaptor Tool
	1	Strap Wrench
	6	Connector Wrenches
	20	Socket Guide Pins
	1	Heat Gun & Accessories

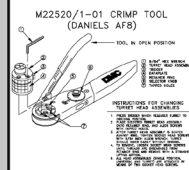

NOTICE: Unless otherwise stated by DMC; tools contained in this kit have been selected based upon their suitability to service the related connector or contact indicated. Military Standard tools have been utilized wherever possible. These tools are not necessarily the production tools used to manufacture the vehicle and therefore, these tools may or may not correspond to the tools listed in the OEM wiring manual list of approved tooling. Verification Is Required.
