

DMC1665 GENERAL PURPOSE MIL-C-38999 SERIES 1&3 TOOL KIT

DMC1665 GENERAL PURPOSE TOOL KIT

DMC's General Purpose Tool Kit contains crimp tools, turret head, positioners, and installing and removal tools to accommodate Mil-Spec Connectors sizes 12/16/20/22/22D/22M in the Series 1 and 3 MIL-C-38999 family.

It is not a cost effective use of the time of your technical staff to start from scratch and try to become intimately knowledgeable about which precision tools must be used to repair each electrical connector, contact and terminal. The DMC1665 kit supplies your staff with both the information and the tools necessary to assemble and disassemble Mil-Spec Connectors.

DMC has cross referenced these tools to the connectors, contacts and terminals, eliminating costly and time-consuming research which would otherwise have to be performed by your electrical technicians. This information is
