SAFE-T-CABLE - TOOL KIT

The **RIGHT TOOLS** in the **RIGHT PLACE!**

Superior Kits Customised for Your Wiring System

Crimp-Tech Australia Tool Kits have provided complete wire harness solutions for mission-critical, high performance industries including military and commercial aviation for over 35 years.

Safe-T-Cable™ is a reliable, time-saving solution for fastener security that is widely used in aerospace, rail, marine, and energy industries. In addition to installing faster than lockwire, Safe-T-Cable also produces a stronger and safer result.

This kit is supplied in a Pelican 1550 case with two colour foam, and laser etched part numbering to help quickly identify the tool and its right place.

KIT CONSTRUCTION

- 1 Black Pelican 1550 Case
